

## **PATRICK BET-DAVID**

Patrick's amazing story starts with his family immigrating to America when he was 10-years old. His parents fled Iran as refugees during the Iranian revolution and were eventually granted U.S. Citizenship. After high school Patrick joined the U.S. military and served in the 101st Airborne before starting a business career in the financial services industry. After a tenure with a couple of traditional companies, he was inspired to launch PHP Agency Inc., an insurance sales, marketing and distribution company – and did so before he turned 30. PHP is now one of the fastest growing companies in the financial marketplace.

Patrick is passionate about shaping the next generation of leaders by teaching thought-provoking perspectives on entrepreneurship and disrupting the traditional approach to a career.
